California Mathematics Skills Academia

La Mirada Community Services, INC

14225 E. Imperial Hwy. La Mirada, CA 90638

Mission of the school

- ❖ SAT Math I & II test preparation program
- ❖ CBSET Mathematics test preparation
- ❖ Regular Math tutoring (school and college level)

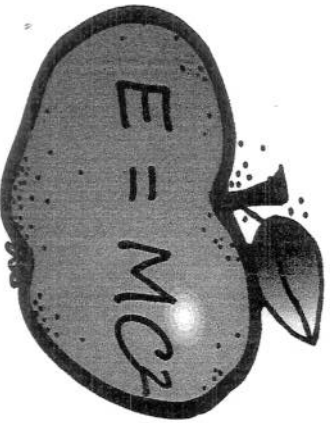

❖ Professor Zia Khwaja (who has more than 40 years of academic teaching and research experience worldwide and author of several math books) has carefully designed the SAT and CBEST practice test courses to help students of all backgrounds understand the concepts of each problem and learn creative and critical thinking techniques to solve each problem.

❖ Students will develop strong academic skills, better concentration, enhance their focus and attention span, and increase their efficiency.

❖ The students will learn to gain more confidence, motivation, and test taking skills

❖ The main purpose of this school is to help students (mostly on a one-one basis) to score higher on the Math section of the SAT and CBEST test exams.
